
Botriphnie Cemetery Burials by Lair.

The Gordon-Duff burials are in a private part of the cemetery and are not recorded here.

1. The **Date of Burial** is the actual date of interment, which is usually two or three days after the date of death.
2. The **Name** information in the top row of each table gives the Lair Numbers of the Lairs purchased and the Name and Address of the person who purchased them.
3. The **Age** is the age at death. Where it is shown as 0 it indicates that the baby was stillborn or died shortly after birth.
4. The **Depth of Grave** is the depth of the hole into which the coffin was placed.
5. The **Number of Grave** gives the number of the Lair in which the burial took place.
6. The **Stone** gives the gravestone number recording the death of this person. Clicking on the Stone number will take the reader to the corresponding inscription.
